

EarthLink Business Lines

Integrated Voice, Data and Cloud Applications

Integrate traditional voice services with Internet and data over a single, reliable connection. Leverage emerging technologies with access to advanced cloud-based applications including Hosted Contact Center and Unified Communications. EarthLink Business Lines position your business for growth, enhanced collaboration, and scalability while reducing costs.

Line Side Service

- Nationwide local telephone service including long distance and dynamic Internet
- Multiple access methods including DSL, T1 and Ethernet
- Add powerful options including Auto Attendant and MPLS to connect multiple locations
- Added value with numerous free services included, such as unlimited local calling, static IPs and managed router
- A full line of CLASS features, including hunting
